

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

**Division 30—Division of Regulation and Licensure
Chapter 84—Training Program for Nursing Assistants**

**IN ADDITION
NOTICE OF SUSPENSION OF RULE**

19 CSR 30-84.040 Insulin Administration Training Program

ACTION TAKEN: NOTICE OF SUSPENSION OF 19 CSR 30-84.040

19 CSR 30-84.040 shall be waived in the following manner:

19 CSR 30-84.040(2) shall be waived to the extent the provisions require four (4) hours of classroom instruction and does not allow for the practicum examination to be simulated. This waiver shall allow the course to be conducted via webinar or other online instructional format and the practicum examination may be simulated.

19 CSR 30-84.040(6)(A) shall be waived to the extent the provisions require a level I medication aide (LIMA) to be working in a residential care facility or assisted living facility and have a written recommendation for training completed by an administrator/manager or nurse with whom she or he has worked in order to be eligible to enroll in the Insulin Administration Training Program. This waiver shall allow any LIMA who is not employed in a residential care facility or assisted living facility to enroll in the Insulin Administration Training Program and to enroll without a written recommendation.

19 CSR 30-84.040 (6)(B) shall be waived to the extent the provisions require a certified medication technician (CMT) to have a written recommendation for training completed by the administrator or director of nursing with whom she or he has worked and that recommendation be given to the training agency or instructor at the time of enrollment of the Insulin Administration Training Program. This waiver shall allow any CMT who is not employed in a long-term care facility to enroll in the Insulin Administration Training Program and to enroll without a written recommendation.

19 CSR 30-84.040(7) shall be waived to the extent the provisions require a registered nurse (RN) to be an approved instructor for the level I medication aide program, an instructor/examiner for the Certified Nurse Assistant Program or an instructor for the certified medication technician program in order to teach the insulin administration course. This waiver shall allow any individual currently licensed to practice as either an RN or practical nurse in Missouri, or any individual who holds a current temporary permit from the Missouri State Board of Nursing, or any individual who holds a multi-state or single state registered nurse license from a jurisdiction that is party to the Nurse Licensure Compact to be able to teach the Insulin Administration Course. The instructor/examiner shall not be subject to current disciplinary action such as probation, suspension, or revocation and shall not be listed on the department's Employee Disqualification List.

19 CSR 30-84.040 (8)(A) 2 shall be waived to the extent the provisions require the practicum examination to include the preparation, administration, and recording of administration of insulin to a resident(s) under the direct supervision of the instructor/examiner. This waiver shall allow the practicum examination to be conducted in a

simulated situation, which may include a laboratory setting where actors or mannequins are used instead of residents.

EMERGENCY STATEMENT: Pursuant to Executive Order (EO) 20-04 dated March 18, 2020, the provisions referenced in this notice are suspended effective April 15, 2020 until May 15, 2020.
